

Are you 50 or over and looking for work? ...Computer skills upgrading?

The 'Experience Counts' project offers assistance in finding rewarding employment and has been very successful for past participants. Persons between the ages of 55 to 64 will be given priority; all those over 50 may be considered.

Benefits of this project include:

- Assistance in finding employment
- Group workshops
- Individual career planning
- Computer skills
- Interview practice
- Resume development

Projects scheduled to run January to March.

If you are unemployed, over age 50, and interested in learning more about this project, please phone for details on the next Information Session. (Registrations accepted then.)
