Agenda

Operational Guidelines

- A 3-party, sector model of chairing will be utilized on 2-year, staggered terms, selected from 1) Northern Affairs Branch, First Nations and Métis Relations; 2) industry representatives alternating; and 3) First Nations alternating with Métis training and economic agencies, if possible.
- Three meetings will be held annually (commencing in 2005). All meetings will be guided by the principle of respect for others.
- Concerns and issues arising from meetings will be assigned to subcommittees (which undertake the tasks of the NLMC) to find solutions, develop strategies, and undertake initiatives as needed to address issues. Subcommittees will report recommendations to NLMC so that the main body can lobby for action.
- Membership will consist of representation at the decision-making, executive level from education and training agencies, training funders, economic development agencies, governments, and industry.
